OK SP WU/S

The Examiner objected to the Fig. 7 of the drawings under 37 CFR 1.84(h)(5) because Figure 7 show(s) different use of "frame" in the same view. The Examiner stated that it is not clear whether the "frame" used in all of the steps of Fig. 7 are the same or different from "glass frame" used in step 228. The Examiner required the submission of corrected drawing sheets to avoid abandonment of the application.

In response to the Examiner's objection to Fig. 7 of the drawings and requirement for corrected drawing sheets, Applicant submits with this Amendment and Response to Office Action the attached Replacement Sheet for Fig. 7 of the drawings, which clarifies the "frame" used in all of the steps of Fig. 7.
